

AIR FRESHENER WIFI CAMERA DVR

This air freshener has a pinhole lens Wi-Fi camera that is easy to set up and use compared to other models on the market that require many complicated router settings. The camera will also make cyclic recordings of approx 30 minutes per file on the SD card with time and date so you will never miss anything. You can view live video, up to 4 cameras on computer, or as many cameras as you want on iPhone or android phone by downloading the free apps. The camera works from a battery holder that will fit inside the air freshener so you can use rechargeable batteries for quick deployment. Using 4x AA 2300ma rechargeable batteries will last about 9 hours. Supplied complete with 2gb micro SD card (for the camera with operating guide, Wi-Fi tools, client software) on the SD card, card reader, and battery holder.

Below are the key features:

- Monitoring by cell phone, computer or tablet anytime anywhere
- Remote surveillance by WIFI
- User password
- Point to point surveillance without WIFI
- Record video in SD memory (2gb SD card will loop record 8 hours) (Max. 32GB)
- Download software at iPhone APP Store
- Watch up to 4 camera on PC software
- Video format: AVI
- Video resolution: QVGA (352x288)
- Easiest camera to set up and use
- Pinhole lens to ensure total covert operation
- Rechargeable batteries for quick deployment
